

Cycle Lab Cape Cobra Challenge

The Cycle Lab Cape Cobra Challenge is a family affair, with races and entertainment for all ages.

This annual Tokai Lion's Club fund raising event has been running for over 20 years and all proceeds go to them for charity purposes. Cycle Lab supports Lions Club of Tokai by helping them organize, getting as many sponsors on board and making sure that the event runs smoothly.

We have created a family type of event with different activities; it features a league and fun-ride road race as well as a junior kiddie's fun road race for children from 2 to 13 years old. Although this race has been going on for a few years, this one is the first race of its kind with a Hill Top Finish on Ou Kaaps and that hosts 3 events catered in one. This event on average over the last years has attracted 2000 cyclists.

The festivities continue throughout the day with a kiddies' corner with face painting, jungle gyms and clowns to keep the children entertained. Food for every taste will be provided.

So don't think twice, come join us for **the first league event race of the year** and bring the family along for a fun and entertaining day. Prizes and lots lot more!

AN EVENT CATERED FOR EVERYONE!
