

## **Vori-Berg Mountain Bike Series 2010**

### **The route**

#### **35 & 70 Km (70 Km does the loop twice)**

We start at Lemlou Security premises exit 129 on the R 513 towards Brits.

On exiting we will travel down a gravel road and then turn left and follow the trail.

From here it is an easy stretch till we reach the next single track section that has some rocks to negotiate and follow the route till we enter the new section, this will be fast as we approach the 1<sup>st</sup> water crossing and then passing underneath the N4 Bakwena Highway where we will exit and turn right and then head onto Crocodile alley, from here we exit on to a gravel road which will take us through a quarry and onto a gravel road which will give us access to another farm and jeep track. From here we will negotiate another water crossing and loose sand to bring us to the next climb to continue with the route. We then enter an area which has a small climb and a technical decent which has a couple of switchbacks. From here it is around the dam and down the rocky decent and into the local nursery from where we will move towards the starting area.

#### **15 Km**

We start at Lemlou Security Grounds exit 129 on the R 513 towards Brits.

On exiting we will travel down a gravel road and then turn right and enter a farm from where we will encounter more jeep track From here we will negotiate another water crossing and loose sand to bring us to the next climb to continue with the route. We then enter ride around a dam and down the rocky decent and into the local nursery from where we will move towards the starting area.

#### **Kids race (Free)**

This will be a short lap race in the Lemlou Grounds to ensure safety for these upcoming stars in mountain biking.

I have the support of the community and this race will now be a permanent series on the calendar and hence me asking that you support this event.
